

Hello everyone!

For those interested in 2010 FCAT scores and school grades, the tables below list the results from the State of Florida Department of Education for grades three through five at Lakeland Montessori Schoolhouse, the Polk County School District, and the State of Florida.

Although we consider test scores to be only one of the indicators of a child's development, our excellent results are one demonstration of the proven effectiveness of the Montessori Method of education. Congratulations again to all of our parents, students, and staff for all of your hard work in making our school and each student a success!
